This is a Term Life Insurance Policy.

Your Family Life Associate is:

Three Plans to Choose From

You work hard to provide for your family and it is only right that you should be concerned about what would happen to your family if you were no longer able to provide for them. Life insurance is one of the basic building blocks for financial security and can be used to replace income lost due to premature death.

TOP 5 REASONS YOU NEED VIVA LIFE...

- To protect your family's future.
- Stays with you even if you change employers.
- Can pay for every day living expenses such as your family's mortgage payment.
- Can pay for final medical and funeral expenses.
- If you select the Return of Premium option and are alive at the end of the term period, all premiums paid will be returned to you.

Savings, investments and life insurance create a solid foundation for financial well being, but only life insurance provides the full face amount of the policy to your beneficiary if you die prematurely ... even if only one premium payment has been paid.

VIVA LIFE

LIFE INSURANCE BENEFIT

The policy provides level term insurance for 20 years (15 years for ages 56 - 60) based on the Plan selected.

\$25,000 \$50,000 \$100,000

If the death benefit is paid, the entire policy will terminate with no further benefits.

RETURN OF PREMIUM (optional)

The policy provides a return of premium if the policy ends after the beginning of the fourth policy year and before the end of the initial term period. The cash value is equal to the sum of all premiums paid on the policy multiplied by the appropriate percentage noted in the schedule of cash values in the policy. No return of premium benefit will be paid in the event the insured dies while the policy is in effect.

CHILDREN'S TERM INSURANCE (optional)

The Children's Term Insurance provides \$10,000 of life insurance on every covered child, step-child or legally adopted child of the insured. Coverage is provided on all living children named in the application that are a minimum of 15 days old and less than 18 years old. Coverage is also provided to any child who is born of the insured or legally adopted by the insured less than 18 years of age after the date of the application. A conversion option is available for each child prior to age 25. The coverage on each child terminates on the child's 25th birthday.

No Medical Exam Required
Answer only four health related questions to determine insurability.
